

Road reflector

Barrier reflector white ZSB

REFLECTOR DATA

Application	Road reflector
Item	Barrier reflector white ZSB
Item no.	23072511

TECHNICAL SPECIFICATIONS

Shape	angular
Size (LxWxH)	47x20x5,5 mm
Reflective size (LxW)	41x14 mm
Tolerance	TG5 [DIN 16742]
Mounting	to be screwed
Chemical resistance	Standard
Protection	IP68
Operating temp.	-20°C to +65°C
Surface	Standard
Optical structure	hexagonal
Optic size	fine triple SW1,2
Approval	0

MATERIAL DATA

Material reflector	PC clear
Material bracket	TPE white

DESCRIPTION

Reflectors, reflectors for guardrails and barriers, a cost effective way to increase safety on the roads. Most products have BAST approval and exceed regulatory requirements. Numerous standard products are available and can be delivered just in time.
